

# GABE WOOLLEY

REPUBLICAN FOR HOUSE DISTRICT 98

TRUST EARNED. LEADERSHIP PROVEN.

Gabe Woolley is wrapping up his first term in office and has never taken lobbyist money. Gabe ran for this position on the platform of restoring trust with voters, by refusing the lobbyist money, influence and Oklahoma city night life that has ruined so many office holders and led them to betray our values.

Gabe won election and he kept his word. He restored public trust by rejecting the lobbyist lifestyle and instead working hard, reading the bills and representing our conservative values with his votes and actions.

On June 16th, when you vote for Gabe, you will continue moving our district forward under this new, ethical leadership that's deserving of our house district's conservative values.

There are those who believe a legislator cannot be effective without playing the lobbyist-funded Capitol game: trading votes, supporting pork spending and growing government. But Gabe is proving them wrong.

Gabe has emerged as a recognized leader in reforming Oklahoma's troubled DHS system and has won House approval to prevent foreign laws and customs from being implemented in our state. At the same time, he has consistently stood against the many proposals that waste millions of our taxpayer dollars and expand government.

# GABE WOOLLEY: RETURNING POWER TO THE PEOPLE

## CLEANING UP DHS

Years of overreach, mismanagement, and a woke mindset have broken Oklahoma's human services system. Gabe Woolley is stepping in to fix it — pushing for accountability and working to enact real oversight to deliver results and restore trust.

## UNDER SIEGE, STANDING STRONG

Oklahomans find themselves under siege. We will only survive by continuing to elect strong leaders like Gabe who will never betray our values, even when it is unpopular to take a strong stand. From attacks on the rule of law, the lack of respect for a nation's borders and Western heritage, to woke ideology targeting the innocence of our children, and the expansion of Islamic influence into our cities, Gabe is ready for the fight. He helped pass the legislation to prohibit the barbaric gender transition procedures on our children and has sponsored the bill to prevent foreign laws from being implemented in Oklahoma.

## OVERHAULING THE PROPERTY TAX SCHEME

Even after you own your land, property taxes make you keep paying the government. That's wrong. Gabe Woolley is fighting to end this. Through a comprehensive DOGE initiative, every dollar saved should go toward

cutting property taxes and putting power back where it belongs—with the people. Starting with real, immediate relief for seniors.

## FIGHTING THE UTILITY RATE HIKES

The green agenda—and the bureaucrats who fund it—are driving up electric rates and damaging our land. Gabe Woolley supports Jim Shaw's *Save Oklahoma Plan* and stands firm against wasteful green-energy subsidies, biosludge, foreign ownership of our farmland, and the radical environmental policies harming Oklahoma.

Gabe supports reliable, low-cost energy—including clean coal, natural gas, and nuclear—to keep the lights on, utility bills low, and our economy strong. The people simply can't afford these ever-increasing rate hikes.

Gabe believes property owners—not bureaucrats—should decide when data centers and other large projects impact their property values. He strongly opposes the utility companies attempting to pass speculative project costs onto ratepayers through higher utility rates.

## MEET OUR STATE REPRESENTATIVE

Gabe Woolley worked in education for nine years, where prior to his election he taught for Tulsa schools. He's a Republican and a constitutional conservative. In 2025 he received a 90% from *The Oklahoma Conservative Index* for his conservative voting record.
